

Cleanup site data were downloaded from the State of Washington Department of Ecology using the "What's in My Neighborhood" map-based search tool for cleanup sites: <https://ecology.wa.gov/Spills-Cleanup/Contamination-cleanup/Cleanup-sites>. Cleanup sites were queried using filters for county (Stevens, Ferry, and Lincoln counties) and contaminant (Arsenic, Lead, Mercury, Metals - Other, and Metals Priority Pollutants). Data downloaded January 2023.
